- ‘Way Forward’
- Appendixes

e-School4Refugees	
<i>'access to education for refugees is much worse than for non-refugees'</i>	
Online School	Online School, is a modern academy initiative of offering ‘ distance learning via internet ’; that TechCeFaCos will be adopting this initiative to benefit ‘ Cameroonian Refugees ’ and other vulnerable persons across Africa and beyond.
The Concept	The concept of online school by TechCeFaCos, is entitled: ‘ e-School4Refugees ’ with focus on ‘ <i>Secondary Education Of Refugees And Other Vulnerable Persons For Free Certificate And Diploma Programs Based On Different Stages Of Courses</i> ’.
The Initiative	e-School4Refugees as initiative of TechCeFaCos, emerge from her (TechCeFaCos) intergrade core program and project as ‘ Integrated Academy - TIA ’ and ‘ ICT4Refugees ’ respectively; holding in high esteems that ‘ <i>education is the key to the future of individuals, communities and countries</i> ’.
Mission Statement	TechCeFaCos, through the efforts of volunteers will ‘ <i>create a free online educational platform for refugees and other vulnerable persons to access multitude of courses, under certificates and diploma programs; hence, to offer high quality education to young Africans limited no access to formal education because of crisis</i> ’.
Task Force	The task force behind the development and deployment this online school within period of ‘ three months ’, is a host of ‘ UN Online Volunteers ’ that will be collaborating through Microsoft Team with TechCeFaCos’ ICT Project and Management Teams.

Timeframe

SWOT

‘Way Forward’

The ‘Way Forward’, to achieve project goals on time!

1. Stick to the plan
2. Be engaged and proactive
3. Work in cross-pollination
4. Use multiple resources from various sources
5. Share weekly progress
